

Tips Of Use And Country Codes

1. Before leaving Hong Kong, remember to:

- Activate the Card if this is a new card.
- Check the stored-value balance and make sure it is recharged to sufficient amount. You are also advised to buy some vouchers and bring them with you.
- Check the expiry date of the Card and make sure it is still valid.
- Forward your frequently used mobile number to this Card, or inform your friends and relatives about this new mobile phone number.
- Bring your handset menu in case you need to refer to it for manual network selection.

2. Why can't I make or receive calls when travelling overseas?

- There is no network coverage in your area.
- Your SIM Card is expired. Please recharge it to extend the validity.
- Ensure your stored-value balance is over \$12.5 before using roaming services.
- Restart your handset or select manually and redial if your handset cannot detect the network automatically.
- Selected another network manually if your selected network does not support roaming services.
